GDGC106

Weight Indicator

GRV Automation | CE Certified | Custom Configurations Available on Request

Application / Features

- Mini load cell display instrument with RS485
- Amplifier and weight tester in compact size
- Easy integration with standard load cells
- RS485 Modbus RTU communication
- Suitable for field installation
- Field weighing, portable force display, panel mount

Rated range: Standard

Input Signal		**Load cell mV/V**
Display		**5-digit LED**
Communication		**RS485 Modbus RTU**
Output		**4-20mA / 0-10V (optional)**
Power Supply	V DC	**12-24**
Operating Temp.	degC	**-10 to +55**
Enclosure		**Compact DIN mount**

1) High temperature sensors available (max. 150 deg C). 2) High impedance option (1000 Ohm) on request. 3) Specifications subject to change without prior notice.
